April 29th, 9am - 12pm

Level 6, 25 Argyle St

Hobart, Tasmania. Fully catered.

**Presented by Prof. Alicia Spittle,
Physiotherapist, University of Melbourne**

COST: THS Staff: \$1200

Non-THS Staff: \$1650

What is this course about?

This course provides additional training in optimality scoring. At conclusion of the course, trainees will have improved their reliability in categorical scoring and acquire reliability on detailed scoring (GMOS-R, MOS-R).

What is the structure of the course?

The course will provide teaching through lectures, videos and exercises. Assessment is conducted on the last day of the course. Participants are required to bring (onUSB) video recordings of GMs to review at the course (trajectories are preferred but not essential) .

Prerequisite

You must have successfully completed the basic GMA Course to enrol for this course.

How is payment processed?

Participants will be sent an invoice via email following registration. Payment is required to confirm your place. Please check your junk mail!

How do I register?

Please complete the registration form and email to clare.wiltshire@ths.tas.gov.au

When do registrations close?

Please register early to reserve your place!

Numbers are limited to 20 and it is expected to fill up quickly. We expect around half the places to be occupied by Tasmanian Health Service Staff who will get priority registration.
